Twenty-second Annual Report

of the

Friends' Home for Children.

That which gives us the greatest pleasure to mention in presenting the Twenty-second Annual Report is the very satisfactory and superior condition of the Home. Through the untiring energy and efficient oversight of several of the active members of the Board, the interior of the Home has been thoroughly renovated by papering, painting, upholstering, laying of new floors, etc. Visitors, and they are always welcome, will be repaid by inspecting the Home and seeing its condition and the bright and happy faces of the children under our care.

The reports received during the year about the children over whom our care is exercised have been very satisfactory, and judging by the information which has come to hand from many sources, the Committee on Admission and Dismission has performed its duties faithfully and well.

The members of the Board of Directors have been regular in their attendance, and so much so that a number of them have not missed a meeting during the year, and several of them for years. It is owing to the unselfish and intelligent attention of the Board that it is possible to record such good work as has been done during the year.

It is our sad duty to record the fact that during the year death removed from our midst our friend and co-worker for many years, John A. M. Passmore. He was Chairman of the Committee on Admission and Dismission for years, and

on account of his personal qualities, wide acquaintance and deep interest in children, he was able to promote the interests of the hundreds of children under the care of the Committee in an unusually efficient and kindly manner. This is the first removal by death of a member of the Board of Managers of the Friends' Home for Children.

Those who have at heart the betterment of the condition of orphan, neglected and destitute children are reminded that they can materially assist us by paying $25 and thereby becoming a life member of the Friends' Home Association, or by the payment of $2 or more each year and becoming a member of the Association. The improvements in the condition of the Home and the unusually heavy expenses in conducting the Home have placed the treasury in such a condition that those willing to lend their assistance in the good work can do so by enrolling under one of the above methods.

The present Matron of the Home is Catherine M. Angell, who has the assistance of her husband. They and Lillian Bicknell, our Teacher and Assistant Matron, have given the Home the benefit of their best efforts during the year.

To our Physicians, Claude R. Norton and William D. Culin; our Dentist, Dr. Clarence H. Chain; our Oculist, Dr. R. J. Phillips, and our Attorneys-at-Law, Fred. Taylor Pusey, Esq., and Alexander Simpson, Jr., Esq., we return our cordial and sincere thanks for their untiring and highly satisfactory service. The thanks of the Board are also extended to the non-resident members of the Committee on Co-operation; to the Editors of all papers who have given us gratuitous notices during the year; and to all those who have in any way assisted in the good work.

Edw. C. Dixon

Secretary.

Committee on Finance.

To the Board of Directors of the Friends' Home for Children:

In presenting our Report we desire to express our heartiest thanks for the many donations we have received during the year, but we regret to say that the amount was not sufficient for the maintenance of the many children under our care and for the repairs it was imperative should be done to our building.

At this time there is a deficit in the treasury of $880.91. We, therefore, earnestly ask our kind friends to come to our assistance and aid us in making up the shortage, and if possible help us to pay off the mortgages which are against our property, the payment of the interest on which drains our resources very much and prevents us from doing as much good as would otherwise be possible.

Respectfully submitted,

Mickle C. Paul.
David Masters.
A. T. Eavenson.
Hugh M. Thomas.

Committee on Admission and Dismission.

To the Board of Directors of the Friends' Home for Children:

Friends:—

Your Committee on Admission and Dismission begs to make the following report for year ending 9, 1, '03:—

Number of children in Home at last report	27	
Number admitted during the year	49	
Total		76
Number placed in private homes during year (of these 22 are in permanent homes)	24	
Number returned to parents or guardians during the year	24	
Total		48
Number now in the Home		28
Number admitted since organization		831
Number placed in permanent homes since organization		348

In making this, our Annual Report, we are glad to say there have been no deaths and very little sickness, excepting the mumps, in the Home.

S. D. Hall,
A. T. Eavenson,
Ann C. Miller,
Annie E. Bacon,
David Masters,
Committee.

Extracts from Letters Relating to Children Placed in Homes by Committee on Admission and Dismission.

"I am trying to be a good boy, for they are so good to me. I get everything that I want. I go to school almost every day and am going to be promoted in the next room this week. I like my teacher very much; she helps me with my lessons after school and is very good to me.

We live on a nice large farm. I walk to school in good weather, when it rains papa or the colored man brings me. Papa goes to New York sometimes and brings nice presents. Goodby."

Age 10 years.

"I thought I would write you a letter and let you know how I got along this year in school. My teacher said I got along very nicely in my studies. I did not have to take an examination this year, I was exempt; that is I mean I passed the monthly average (which is 85) every month. I think there were three in my class that were exempt. I will be in the "High School" next year. I have missed about 9 1-2 days during the whole school term.

Mrs. T.—— is going to take her niece and me down to the Zoological Garden after school closes to stay all day. I have not been there since I was 6 years old, and we are looking forward with great pleasure to going. I have been up to Willow Grove. The country looks beautiful out here. I would rather live in the country than the city. I hope the children at the Home are all well and having a good time."

From the teacher of the above: "Anna has done excellent work this year. She was promoted to-day to the Eighth

Grade, standing first in a class of 21. Both her work and her deportment have been very satisfactory."

Age 15 years.

"I take pleasure in writing you these few lines to let you know I am still satisfied with my home. I am getting along very nicely. I have left school and am now keeping house for my father and like it very much. I was very sorry to hear of Mr. Passmore's sudden death. I have been with ———————— for ten years, the time goes very fast.

Please let me know if you have any objections of myself and a friend coming in to go through the Home. I would like to go over it very much, please name the day on which it would be most suitable."

Age 15 years.

"You requested me some time ago to write to you, but through neglect I failed to do so. I am well, and having the best of health.

I like my home and the kind people that has taken me in their care. They do all they can for me to make me happy, and I think as much of them as if they were my own papa and mamma. They take me to Sunday School every Sunday and everywhere they go. I have a bicycle to ride to school. I like my teacher and my playmates very much. We are getting ready for Children's Day. I have a piece to speak and several pieces to sing."

From the teacher of the above: "Samuel has a good home and is well cared for in every respect. I do not know where you could have placed him to receive any better treatment than where he is."

From a teacher of a —— year old boy: "He is a very bright pupil, and his parents try to develop his talents with the greatest interest."

"I like my home very much, I would not leave it for anything. I went to school, it is over now. How are you all? I hope you are all well. Mary is well. Auntie and Uncle has a cold. The baby is fat and is as sweet as honey. We have 60 little chicks. I fed them this morning while auntie bathed Wayne. I send my love to all."

From the teacher of the above: "Helen is a dear little girl, both at home and at school. Her disposition is naturally very quick, and her mind very active. She is a rapid learner and a good student.

Age 10 years.

"I have a good home and like the place very much. I am well and going to school.

I think I get along very nicely with my studies.

Things are looking nice down here in the country. The farmers are planting corn."

Age 12 years.

"Like to live on the farm. I drive the cow. I pull clover. I like to go to school. I pick strawberries to buy me a suit of clothes. Papa and mama are kind to me. I don't want to go back to the Home, but I want to see the city when I am a man. Good by."

Age 9 years.

"School stops to-morrow and I am so glad. I am going to pick some berries then. I like to pick berries. I am going to Greenwood to stay a while this summer. I think I will have a good time there. It is nice in the country now."

From the teacher of the above: "Esther did very good work last year. Her reading recitations were especially good. She did fairly well in spelling and writing, but was a little backward in numbers. As a whole, her year's work was as the average."

Age 7 years.

"I think I will write you a few lines and let you know how I am getting along. I like my home and the people, they are very good to me. I like my teacher very much. I am trying to learn all I can. Helen is getting along very nicely. Auntie and Uncle wishes to be remembered. Well, I guess it is time to quit for this time. Write soon."

"Of course you know if you have inquired at the school that I passed in my examination and so am promoted into the next class. I thought you would like to hear this, and I assure you I am glad to be able to tell you so for I feel very angry at myself for not having studied as I should have during the term. Well so far I am getting along all right, this term, and I think my experience in the line of studying all summer for an examination has taught me quite a lesson, and now I am studying my lessons just as they come day by day, which is I find the only way to get along. Of course I am as happy in my home as ever and am now looking forward to a time when I can try to pay those who have been so very kind and good to me."

Committee on Household.

To the Board of Directors of the Friends' Home for Children:

The Committee on Household take pleasure in reporting the increased number of people patronizing our yearly oyster supper, which netted us $384..87, showing that knowledge of our Home, its work and necessities is spreading and may bring us both friends and funds, as the present high prices of materials, fuel and provisions are a severe tax on our small treasury.

The good health of our children is a source of wondering comment from all who visit the Home. Children sent to us in a weak, puny condition, caused by poverty and neglect, soon become so fat and rosy as to be almost unrecognizable by the parties who sent them to us.

Our new Matron, Catharine M. Angell, and our Teacher, Lilian Bicknell, merit our warmest commendation for their industry, ability and thoughtful care of the Home and its inmates.

Again we appeal to the young men and women to unite with us in the work for the Home and relieve the older members of many cares.

The infusion of new ideas and methods may also be of material advantage to the Managers and the Home.

Committee on Religious Exercises.

To the Board of Directors of the Friends' Home for Children:

The rapid flight of time warns us that another year is being registered since our last Annual Report was presented to our patrons and friends.

Religious meetings have been held at the Home, 4011 Aspen Street, West Philadelphia, the first First-day in each month at 3 o'clock P. M. except 7th, 8th and 9th Months; these months public meetings are omitted, as the committee in charge of this department are mostly absent from the city. First-day school is held each afternoon during the months that the religious meetings are held.

We have been favored with the presence of Elizabeth Powell Bond and Prof. Daniel Batchelder, who were interesting in their remarks and gave the children object lessons of instruction; also Samuel Jones, Enoch Taylor, A. H. Love, E. R. Gamble, H. M. Blackburn and others were gifted in handing forth the spoken word.

To our Superintendent of the First-day School, William Smith, and the teachers, Irene Eavenson, Harriet L. Passmore, Lillian Thatcher, Ella Bicknell and Nellie Poyntz Ferry, we return thanks and appreciate their effort in giving their time in this noble enterprise.

Committee on Property.

To the Board of Directors of the Friends' Home for Children:

The Home is in good condition, after an expenditure of six hundred and twenty-four dollars and ninety cents for general repairs.

Committee on Education.

To the Board of Directors of the Friends' Home for Children:

Again another year has rolled around and we are still devoting our best efforts toward laying a foundation for God's little ones who are under our care.

The school has been in session both mornings and afternoons during the winter and in the mornings during the summer, and has been frequently visited by members of the Committee and interested friends, who have given valuable words of advice and encouragement to our pupils.

We feel that under the able management of our Teacher, Lillian Bicknell, the children made very satisfactory progress in their studies and were interested and attentive.

To all who have taken an interest in the school by favoring us with their presence, or making donations, which have been very acceptable, we return our sincerest thanks, and earnestly hope that the same will be continued.
